

January 31, 2012

To: Metropolitan Policy Committee
From: Andrea G. Riner
Subject: Item 5.c: MPO and Lane Area Commission on Transportation (LaneACT)
Coordination Protocols

Action Recommended: Discuss and provide feedback to staff.

Issue Statement

This item continues discussion from the July, 2011 MPC meeting regarding preferred coordination protocols between the MPO and the LaneACT.

Background

One of the components of the Lane Area Commission on Transportation bylaws is to communicate and coordinate regional recommendations, priorities and activities with the Central Lane Metropolitan Planning Organization (CLMPO). In addition, the LaneACT work program includes ongoing coordination with the MPO, including the opportunity to discuss early on how that coordination will take place.

The LaneACT Steering Committee has developed a recommendation to forward to both bodies for further discussion and approval. The membership of the LaneACT Steering Committee was seen to be the appropriate group of individuals, representing both entities and including the following:

- Bob Hooker, Mayor of Creswell and Lane ACT Chair
- Kitty Piercy, Mayor of Eugene, Lane ACT Vice-Chair and MPC Member
- Hillary Wylie, Springfield City Council, Lane ACT Member, and MPC Member
- Jay Bozievich, Lane County Commissioner, Lane ACT Member, and MPC Member
- Dave Jacobson, Lane ACT Member, and MPO CAC Member

Draft Protocol

Attachment 1 provides a recommended approach for coordination between the MPO and the Lane ACT in relation to project prioritization exercises, such as required for the State Transportation Improvement Program.
