

## Surface Transportation Program (STP) ELIGIBLE EXPENDITURES

- Construction, reconstruction, rehabilitation, resurfacing, restoration, and operational improvements for highways including Interstate highways and bridges (including bridges on public roads of all functional classifications), including any such construction or reconstruction necessary to accommodate other transportation modes, and including the seismic retrofit and painting, mitigation of damage to wildlife, habitat, and ecosystems caused by a transportation project funded under Title 23, USC.
- Capital costs for transit projects eligible for assistance under chapter 53 of Title 49, USC, including vehicles and facilities, whether publicly or privately owned that are used to provide intercity passenger service by bus.
- Carpool projects, fringe and corridor parking facilities and programs, bicycle and pedestrian facilities (off-road or on-road, including modification of walkways) on any public roads in accordance with 23 USC 217 and the modification of public sidewalks to comply with the Americans with Disabilities Act.
- Highway and transit safety infrastructure improvements and programs, hazard eliminations, projects to mitigate hazards caused by wildlife, and railway-highway grade crossings.
- Highway and transit research and development and technology transfer programs.
- Capital and operating costs for traffic monitoring, management, and control facilities and programs.
- Surface transportation planning programs.
- Transportation enhancement activities.
- Transportation control measures listed in Section 108(f)(1)(A) of the Clean Air Act.
- Development and establishment of management systems under 23 USC 303.
- Habitat and wetlands mitigation efforts related to Title 23 projects.
- Infrastructure based intelligent transportation systems capital improvements.
- Environmental restoration and pollution abatement projects to address water pollution or environmental degradation caused or contributed to by transportation facilities, which projects shall be carried out when the transportation facilities are undergoing reconstruction, rehabilitation, resurfacing, or restoration.
