Memorandum

TO: Metropolitan Planning Organization (MPO)
Citizen Advisory Committee (CAC)

FROM: Andy Vobora

RE: **Lane Transit District Update**

Thank you for the opportunity to visit with you about LTD. This past year has provided many challenges and opportunities. The future holds new challenges in the area of operational funding and transportation planning, so I am eager to come to you for input and guidance.

At the October 21, 2009, meeting, I would like to discuss the following topics:

1. A review of the past year, including a ridership update and a look at how LTD service was affected this fall
2. A brief look at how current funding projections will affect LTD service delivery in the short term
3. How future funding for operations relies upon the allocation of STP-U funding
4. The role of the MPO CAC in reviewing LTD fixed-route service recommendations and how this group will be involved in the selection of a locally preferred alternative for the West Eugene EmX project

I look forward to talking with you on October 21!
