**Action Recommended:** None. Information only.

### **Issue Statement**

This agenda item is part of a series to keep you informed on the update of the Regional Transportation Plan, which will be one of the key MPO work products over the next 12-18 months. Andrea Riner will present this update to keep you briefed on the MPC discussion regarding the policy set in the Regional Transportation Plan, which currently is being reviewed by a subcommittee of the Metropolitan Policy Committee. This agenda item will focus on the update process. Please refer to Attachment 1, the 12-month MPO Planning Calendar.

### **Background**

At their May meeting, the Metropolitan Policy Committee discussed the need to update the language in the current Regional Transportation Plan relating specifically to existing goals and objectives. MPC will receive an update at their October meeting regarding progress to date, to identify and confirm a set of emerging issues to be considered in the update, and to discuss next steps.

This agenda item provides a follow-up to the May MPC meeting and to the July and September CAC meetings regarding regional policies. For more background information, please refer the materials in the September 23, 2010 agenda packet for agenda item 5.
