- Locally Significant Wetlands**
- NO
  - YES

See Glossary of Cowardin Classes and Water Regimes located in the Creswell LWI Report for descriptions of codes on this map.

Completed 11/2010

Disclaimer: Information shown on this map is for planning purposes, represents the conditions that exist at the map date, and is subject to change. The location and extent of wetlands and other waters is approximate. There may be unmapped wetlands and other waters present that are subject to regulation. A current Oregon Department of State Lands-approved wetland delineation is required for state removal-fill permits. You are advised to contact the Department of State Lands and the U.S. Army Corps of Engineers with any regulatory questions.

\* A probable wetland appears to meet wetland criteria but is less than or equal to 0.10 acres or is small and of an undetermined size.
