

April 22, 2019

To: Metropolitan Policy Committee

From: Kelly Clarke

Subject: MPC 6.e: Oregon Department of Transportation HB2017 Transparency, Accountability and Performance Requirements

Actions Recommended: Information and discussion

Background and Discussion

ODOT developed and maintains a website that is designed to provide information about state and local infrastructure conditions, construction project performance and other accountability metrics. The site meets the requirements of [Keep Oregon Moving](#) (HB 2017) passed during Oregon's 2017 legislative session. Content on this website includes [road and bridge condition reports and data](#) as required by HB 2017.

ODOT staff will present on the transparency, accountability and performance requirements of HB 2017 and will present the [2019 Oregon Transportation Infrastructure Report](#) which was approved by the Oregon Transportation Commission at the March 2019 meeting and submitted to the Oregon Legislature.
