READERS GUIDE

READERS GUIDE TO THE FY24 BUDGET

For the Fiscal Year Ending June 30, 2024

The proposed annual operating budget is a guidebook for achieving the goals set by LCOG's Board, members, committees, and LCOG management. The annual budget is based on a fiscal year which runs from July 1, 2023 to June 30, 2024.

The Budget Document

The budget document is arranged in separate sections. They are:

- Readers Guide
- Introduction
- Budget Message
- Financial
- Supplemental Information

This section, the **Readers Guide**, provides the reader with a description of each major section of the budget plan to facilitate the overall review of the document. A description of LCOG's annual budget process and timeline, and a list of scheduled meetings regarding the budget review and approval process is also provided.

The **Introduction** section provides a profile of LCOG, mission statement, a list of member governments, and a brief description of LCOG services. What follows is an organization chart which provides a view of how LCOG's services are organized, a list of LCOG Board of Directors, Executive Committee members, and Budget Committee members.

The **Budget Message** section includes the Budget Message, which is a letter to the members of the Budget Committee and the Board of Directors from the LCOG Executive Director. The budget message from the Executive Director outlines the overall direction and key goals used in developing the budget. The message highlights major service changes, organization changes, or budgetary changes that are part of the proposed budget.

The **Financial** section consists of information and schedules which detail revenues and expenditures across the organization as a whole. The Board of Directors of LCOG has elected to adopt its budget on the basis of organizational service units. As a result, the Financial Section of this document presents fund statements based on LCOG's four organizational service units and the three major reporting fund groups: General Fund (Administrative Services), Special Revenue Fund (Government Services and Senior and Disability Services), and Enterprise Fund (Business Services).

The **Supplemental Information** section provides additional reference information: Budget Assumptions used to develop this budget, information on the Indirect rate, a glossary of terms used in this document, and goals and accomplishments for each of the major work program areas.

LCOG Budget Process

Pursuant to the Oregon Revised Statutes 294.900 to 294.930, LCOG is required to follow certain procedures related to the adoption of a budget. The annual budget serves as the foundation for LCOG's financial planning and control. The budget process begins in December with the LCOG management and staff identifying projects for the subsequent fiscal year as well as estimating grant projects not expected to be completed by the end of the current fiscal year.

Over the course of several months, LCOG management and staff, the Board of Directors, Budget Committee, and others are involved in defining the goals and objectives, as well as the projects, to be included in the Work Program.

INTRODUCTION

Profile of Lane Council of Governments (LCOG)

Councils of Governments (COGs) serve as regional planning, coordination, program development, and service delivery organizations in local communities across the nation. Local issues often cross jurisdictional boundaries and can be most effectively addressed by communities working together within a regional forum.

COGs differ in size and range of activities from one region to another, but their common purpose and function is solving area-wide problems. COGs are designed to help the public sector operate more efficiently and effectively through the pooling of resources so that communities accomplish more than they could individually.

LCOG is located in Lane County, Oregon, the fourth most populous county in Oregon. LCOG's region is the entire Lane County area. Lane County's population is 383,958. The size of Lane County is approximately 4,554 square miles.

If a separate state, Lane County would be the size of Connecticut with a population half the size of Vermont. The LCOG region is also the state's third largest Metropolitan Statistical Area (MSA) and the 145th largest MSA in the country.

The governing body of LCOG is its Board of Directors, comprised of local elected and appointed officials designated to represent member governments and agencies. LCOG is one of the oldest councils of governments in the nation. LCOG was first organized in 1945 under the name Central Lane County Planning Commission and had only six members.

LCOG was reorganized in 1971 under an intergovernmental agreement pursuant to Oregon Revised Statutes Chapter 190 and the name was changed to Lane Council of Governments. It does not act under the direction and control of any single governmental entity and has the following characteristics:

- It is governed by a board of directors consisting of one appointed director from each of its 35 member organizations.
- It is a legally separate entity.
- It is fiscally independent of all member organizations and all other local government entities.
- It is vested with all the powers, rights, and duties relating to those functions and activities that are vested by law in each separate party to the intergovernmental agreement.

Our Membership

Our members represent 35 local governments and agencies including Lane County, twelve cities, six school districts, one education district, one college, two parks and recreation organizations, three library districts, four utilities, a transit district, two fire districts, an ambulance district, and a port.

BUDGET MESSAGE

EXECUTIVE DIRECTOR'S BUDGET MESSAGE

For the Fiscal Year Ending June 30, 2024

Members of the LCOG Board of Directors, Budget Committee, regional partners, valued employees, and citizens:

This FY24 *Proposed Budget* represents my tenth year presenting the budget as your Executive Director. This proposed budget totals \$78,728,264 which is \$4,930,945 more than the FY23 *Adopted Budget*, and \$481,141 more than the FY23 *Revised Budget*.

This proposed budget represents management's best current assessment of the obligations and financial capability of LCOG for the year that lies ahead. This year will be one of transition as we continue to evolve to meet the needs of the region by being innovative in stabilizing our costs, our rates, and our budget, while continuing to maintain a high level of service to the region. The proposed budget is a creative, yet responsible and balanced plan for our region to recover and thrive while addressing the underlying inequities laid bare by the COVID-19 pandemic.

Among other critical investments, this budget reinforces our commitment to quality services to our Senior and Disability services consumers, enhances Government Services programming, and makes sure our employees are supported and have the training and equipment needed to provide high level services.

Oregon's recent economic forecast indicates Oregon's economy is expanding, recovering from the pandemic faster than expected. While the upcoming year ahead is expected to present us with challenges, we expect opportunities for growth and expansion of services, with LCOG stronger and more resilient.

SUMMARY OF THE BUDGET

As the LCOG Board is aware, unlike many government agencies, LCOG does not receive all of its revenues at the beginning of each year. LCOG's work and fiscal capability, and therefore funding, are largely based on grants and contracts which emerge over time, so there is always greater variability in LCOG's budgeting process than may be present for local government units that rely upon a tax base.

The LCOG FY24 *Proposed Budget* is developed strategically, using the best information available beginning with the Budget Assumptions (see Supplemental Information Section on page 30) adopted by the LCOG Board in each year before the budget is prepared. Combined with known and expected revenues, a Work Program is created with a goal of keeping costs down, stabilizing rates, and providing outstanding services to the region.

Wherever possible, we have strived to stabilize expenses, budgeting conservatively. The FY24 *Proposed Budget* represents a continuation of this strategy, even as we recover from the pandemic, we are continuing to build back our services and staffing in a way that creates more equitable and accessible systems and services for our employees and the public. This budget reflects an increase in spending levels in critical areas for the Agency, particularly to address community needs and strengthen central services that support frontline services. In Finance and Human Resources, you will see investments in staffing to improve our financial and employee support processes, as well as funding to maintain the park Place Building and continued investment in a regional Broadband Strategy.

EXECUTIVE DIRECTOR'S BUDGET MESSAGE, Continued

Revenues

The revenues in the FY24 *Proposed Budget* reflect an overall net increase of 6.7%, or \$4,930,945 more than FY23 *Adopted Budget* revenues. The following table compares FY24 *Proposed Revenues* to FY23 *Adopted Revenues* by source of revenue.

REVENUES	State	Local	In	Reserves	Budget	Indirect
FY24 Proposed	\$ 40,275,782	\$ 8,532,758	\$ 6,159,230	\$ 23,760,494	\$ 78,728,264	\$ 5,371,559
FY23 Adopted	\$ 40,523,220	\$ 8,817,730	\$ 5,834,146	\$ 18,622,223	\$ 73,797,319	\$ 4,281,315
Dollar Change	\$ (247,438)	\$ (284,972)	\$ 325,084	\$ 5,138,271	\$ 4,930,945	\$ 1,090,244
Percent Change	-0.6%	-3.2%	5.6%	27.6%	6.7%	25.5%

Federal and State Revenues are projected to decrease by a net \$247,438 over the FY23 *Adopted Budget* including a \$978,689 decrease in Government Services primarily due to decreases in Transportation funding; in Senior and Disability Services, a net increase of \$1,006,251 is primarily due to the funding of the new OPI-M program. Finally, a \$275,000 reduction in Business Loans is due to the remainder of the federal Economic Development Agency (EDA) Grant loan funds was received in FY23.

Local Revenues are expected to decrease by a net \$284,972, or 3.2% compared to the FY23 *Adopted Budget*. The net increase includes a net increase of \$22,700 in the General Fund due to an anticipated carryover of Indirect Funds due to decreased expenses in FY23. The decrease also includes a \$689,282 net decrease in Government Services primarily due to the one-time \$838,000 for a Regional Broadband Strategy that was received in FY23. Other decreases are due to conservatively estimating local contracts. In Senior and Disability Services, we expect a net increase of \$335,540 due to anticipated increases in Senior Meal funds and a \$70,000 Trio Consortium investment. In Enterprise Funds we expect a net increase of \$46,070 due primarily to anticipated increases in rent and occupancy.

Transfers In are internal interfund transfers and match Transfers Out. While the net increase of \$325,084 amount is 5.6% more than in the FY23 *Adopted Budget*, the FY24 increase in Transfers In over the FY23 *Revised Budget* is only \$179,446. There is a slight decrease in Government Services of a net \$44,029 due to reduced transportation funding. We expect a net increase of \$373,299 in Senior and Disability Services which includes transfers from Title XIX – Type B Funds to programs like Senior Connections and Senior Meals will be needed to keep up with increased demand for services and increased use of Senior Meals Fundraising dollars to cover meals are also expected to be needed; and a net decrease of \$4,186 in the Business Loan Funds to the Business Administration Fund because of a reduction of contract services costs.

We expect Beginning Reserves to be 27.6% higher than FY23, due to expected increases of Ending Fund Balances at the close of FY22, including an increase of \$132,665 in the General Fund due to excess Indirect revenue collected in FY23 and \$40,000 for the Technology Reserve; in Government Services Beginning Reserves are \$2,910,424 higher than FY23 due to timing of project contracts, including transportation, and the Broadband project being new and having a large carry-forward.. The increase in Senior and Disability Services of \$1,554,707 is due to FY23 COVID-19 emergency funding being carried over, more Senior Meals fundraising dollars in FY23 than expected, and difficulty hiring and retaining staff over the past two years. Enterprise Funds is increased by a net \$540,475 due primarily to a delay of the HVAC replacement project in the Park Place Building Fund.

EXECUTIVE DIRECTOR'S BUDGET MESSAGE, Continued

Expenditures

The FY24 *Proposed Budget* reflects an expenditure increase of a net 6.7% or \$4,930,945. This increase matches the increase in revenues as noted previously. The following table provides a comparison between the FY24 *Proposed Budget* and the FY23 *Adopted Budget* by expense type:

EXPENDITURES	Personal Services	Materials & Services	Capital Outlay	Services by Others	Debt Service	Transfers Out	Ending Reserves	Total Budget
FY24 Proposed	\$ 36,913,084	\$ 12,671,984	\$ 767,500	\$ 3,484,345	\$ 438,754	\$ 6,159,230	\$ 18,293,367	\$ 78,728,264
FY23 Adopted	\$ 33,165,395	\$ 11,897,011	\$ 730,000	\$ 3,951,850	\$ 438,754	\$ 5,834,146	\$ 17,780,163	\$ 73,797,319
Dollar Change	\$ 3,747,689	\$ 774,973	\$ 37,500	\$ (467,505)	\$ -	\$ 325,084	\$ 513,204	\$ 4,930,945
Percent Change	11.3%	6.5%	5.1%	-11.8%	0.0%	5.6%	2.9%	6.7%

Personal Services is LCOG's largest expenditure, with the overall net increase for FY24 proposed at \$3,747,689 or a 11.3% net increase over the FY23 *Adopted Budget*. While this increase represents expected increases in salary and benefits, the majority of the increase - \$2,647,604 – is attributed to Senior and Disability Services due to difficulties in hiring and retention over the past two years and the need to increase staff to meet growing demand. There is a proposed increase in the General Fund of \$17,047 due to moving Member Support Services expenses to the General Fund as well as expected increased costs in Personal Services. In Government Services, a proposed increase of \$284,822 includes expected increases and the filling of the GIS Program Manager vacancy. Enterprise Funds includes a net increase of \$78,449 due to an increased need for the Government Services Division Director to manage the HVAC replacement project in the Building Fund. Indirect is proposed to increase \$1,090,244 which represents expected increases in compensation and benefits and normal expected increases in Material and Services expenses as well as the addition of a Human Resources Analyst, a Fiscal Assistant, and an Information Services Analyst.

We are proposing a 6.5% net increase in Materials and Services of \$774,973. In Government Services, a proposed net decrease of \$71,944 comes from a reduction of transportation expenses due to projects being completed. The net increase in Senior and Disability Services of \$440,367 is primarily due to an increase in meals and training, travel, and computer supplies for new employees.

The 5.1% net increase of \$37,500 in Capital Outlay includes \$650,000 as a placeholder for the replacement of the HVAC System in the Park Place Building and \$50,000 for general maintenance in the building.

The 11.8% decrease in Services by Others of \$467,505 includes a net decrease of \$11,756 in Government Service due to normal reduction in anticipated contractor service needs. In Senior and Disability Services, a net increase of \$127,315 is primarily due to an increase in personal and home care services needs. It also includes a net decrease of \$583,064 in Enterprise Funds representing an anticipated decrease in business loans.

There is no change in Debt Service.

Transfers Out always equal Transfers In and is explained under the Revenue Section, above.

The 2.9% increase in Ending Reserves of \$513,204 is due in part to higher-than-expected Beginning Fund balances (explained under the Revenue Section, above); and includes an increase in Ending Fund Balance in the General Fund of \$151,231 representing the excess Indirect and additional funds added to the Technology Reserve. In Government Services, we expect a \$904,812 increase due to timing of projects and expected transportation and WIX funding being carried over that cannot be spent in one year.

EXECUTIVE DIRECTOR'S BUDGET MESSAGE, Continued

In Senior and Disability Services, we expect a net increase of \$1,275,119 due to the need to use Senior Meals fundraising dollars and Title XIX – Type B Funds to cover expenses; and in Enterprise Funds there is an expected increase of \$872,690 over the FY23 *Adopted Budget* and \$100,000 over the FY23 *Revised Budget* in the Capital Contingency Reserve. We do, however, expect to use some of those funds for the HVAC replacement and I will be requesting approval from the Board in FY24.

Once again, LCOG has continued to stabilize internal operating costs to maintain reasonable Indirect Rates. While some costs for Central Services have increased, such as Personal Costs and some Materials and Services costs, we have continued to manage these costs responsibly. Indirect rates will increase in FY24 because of the addition of need staff to support our growing FTE. For more information on Indirect costs, see page 37 in the Supplemental Information Section.

I believe this FY24 *Proposed Budget* sets a responsible course for the organization, representing a continued high level of fiscal responsibility. I expect LCOG to continue to make progress on a number of fronts in FY24 to better serve our members, partners, and the citizens of Lane County. LCOG remains financially healthy, with strong reserves and committed staff who will continue to assist LCOG members and partners survive the ongoing impacts of the pandemic.

It is with deep appreciation and respect for the LCOG employees, the LCOG Board Members, our Budget Committee members, our regional partners and their staff, and members of the public who work with LCOG to make our region stronger. I could not be more proud or more appreciative to be a part of this organization. LCOG has proven to be resilient and flexible, while continuing to make significant investments focused on supporting the people and priorities of our region.

To a great year ahead!

Executive Director

LCOG OPERATING

Service Budget: \$128,251
Service Funds: General Fund - LCOG Operating
FTE: 0.40 (Executive Director)

Description

Financing for the tasks described in this section is provided through the agency's General Fund, which is supported in part by the dues paid by member agencies. LCOG's Executive Director provides organizational support, professional counsel, and policy recommendations to the Lane Council of Governments' Board of Directors, Executive Committee, Budget Committee, and Audit Committee, and to LCOG's members.

For FY24, we propose to move the expenses in the Member Support Services Fund to the LCOG Operating Fund to provide for easier tracking and more transparency. LCOG Members pay annual membership dues. Level 2 members receive 12 hours of member services each year. Expense is incurred when members request services, and the cost of services depends on the specific service requested. At the time of budget development there is no way to identify what services will be requested or which staff will be needed to provide the services. In that FTE/staff are already budgeted in the FTE's home fund, no FTE are associated with this fund.

SUPPLEMENTAL INFORMATION

FY24 BUDGET ASSUMPTIONS

For the Fiscal Year Ending June 30, 2024

NOTE: The Board adopted these Assumptions in January 2022. Any changes to what was assumed are included in the Proposed Budget.

Overall Guiding Principles for the FY24 Budget

- LCOG will continue to take all actions to ensure the safety of its staff and the public we serve against any threats from COVID-19.
 - LCOG will continue to take all actions to ensure the safety of its staff and the public we serve against any threats from the continuing COVID-19 Pandemic.
 - LCOG will continue to stabilize the General Fund.
 - LCOG will continue to build reserves that are consistent with reserve policies adopted by the Board.
 - LCOG will continue to stabilize Indirect rates, while making sure the rates accurately reflect actual internal costs and are in line with OMB Circular A87.
 - To the maximum extent possible, all direct programs and contracts will be self-supporting. LCOG General Fund dollars will only be used to support programs and contracts when required as match or to provide temporary support to a program or to support a strategic initiative that has received prior approval from the Executive Director.
 - LCOG will continue to balance its budget and will continue to ensure a stable budget, consistent with Board adopted policies.
-

1. Member Dues:

LCOG has a two-tier Member Dues structure: Level One has a minimum \$500 Member Dues amount; Level Two a \$1,000 Member Dues amount and provides the member with 12 hours of staff time. Dues are calculated on a base rate. The annual dues amount is calculated using population, enrollment, and service customers, as applicable. Special Districts are either \$510 or \$1,020, depending on Level chosen. The total dues amount is estimated to be about \$238,220 – an increase of about \$1,968 over last year due to population changes but will be adjusted accordingly once we have final numbers.

I recommend we keep the FY24 rate structure the same because the new dues structure is serving LCOG's members well and there is so much uncertainty right now. The Exec Committee will take this action up under another agenda item before approval at the January 2023 Board meeting.

2. Employee Compensation:

The current Employees Association (EA) Collective Bargaining Agreement (CBA) expires on December 31, 2023. The current SEIU CBA expires on June 30, 2026.

Both CBAs currently provide for a COLA on July 1, 2022, based on the five-year average CPI-W.

For the CPI-W West, Size Class B/C Average of the five prior years, with 58 of the 60 months reported, the 5-year average is 4.11%. While we are still waiting on December 2022, using October 2022 (8.1%), the 5-year average looks like it will be 4.11%. Accordingly, while we do not know the COLA for FY23, we will build the budget on a 4.11% COLA.

Budget Assumptions, Continued

LCOG is in the process of completing a Salary Survey for some EA employees, per the current Collective Bargaining Agreement. Salaries will be adjusted per the results of the survey. Any increase will be used to build the FY24 budget.

In FY24, merit increases are expected to increase total compensation for LCOG employees. Employees who are performing satisfactorily are eligible for 3.5% annual merit increases; employees who are at the top step of their salary range currently receive an annual top step bonus of \$500 if they are performing satisfactorily. We will build the budget assuming satisfactory performance by all employees.

The Executive Director's compensation is set by the LCOG Board under a contract. The current contract has been extended to June 30, 2025, and compensation is being recommended to the Board by the Executive Committee. The FY24 budget will be built based on the contract provisions in the contract.

3. PERS:

PERS issues rates every two years and the 2023-25 rates, which apply to FY24, are as follows:

- Tier 1 / Tier 2: 26.71% or an increase of 1.31% over 2021-23.
- OPSRP: 22.50% or an increase of 1.72% over 2021-23.

Because of increases in salary, the contribution amount required by LCOG to be remitted to PERS will increase and we will budget for that amount once we know what our total salary expense will be for FY24.

4. Health Insurance:

LCOG has two health plans for employees to choose from: the Regence plan is a high-deductible plan and requires an employer-paid contribution into a Health Reimbursement Account (HRA). The Kaiser plan, which is a co-pay plan, does not include an HRA.

Our health Insurance premiums are expected to increase by approximately 5% for Regence and Kaiser on January 1, 2023. The cost of health care for the second half of FY24 is currently unknown. For this reason, we will estimate the costs for the second half of FY24 at an increase of 5%. Should health insurance costs increase beyond what is assumed, LCOG will present the increase as part of its Revised FY24 Budget for Board approval in the spring of 2023. Both EA and SEIU Employees pay 5.0% cost-share for health insurance premiums. Our dental insurance premiums are also expected to increase by 5%.

5. Other Insurance:

General Liability Insurance: For FY24, we expect premiums to increase by 17.7%. These increases are based on employment practices and auto liability claims. The higher deductible plan we switched to three years ago saves us on the premium, but these are steep increases. We will budget for a 18% increase which is about \$13,000. Property Liability Insurance: For FY24, we expect premiums to increase by 18.1%. We will budget for a 18.1% increase which is about \$3,000.

Workers' Compensation Insurance: We will not know our FY24 rates until spring of 2023, but our carrier expects a 4% increase. We will budget for a 4% increase which is about \$3,000.

Life and Long-Term Disability rates are expected to remain the same as in FY23.

Budget Assumptions, Continued

6. Contingency Accounts:

Operations Contingency Account: Board policy requires the Operations Contingency Account to be funded at a level reflecting one quarterly mortgage payment and two month's salary.* For FY23 these amounts were \$234,314 and \$79,146, respectively, totaling \$313,460. While we will not know the total amount for FY24 until we build the Proposed Budget, I intend on discussing the Reserve Policies with the Board during the Budget process.

*The two month's salary is of non-federal, non-state, and non-grant supported personnel.

Capital Contingency Account: While there is no funding level requirement for this Account, all excess revenues from the Park Place Building have been placed in this Account. I recommend that practice continue. Currently, there is \$627,310 in the Capital Contingency Account.

7. Equipment and Training:

LCOG will provide effective workspace, equipment, and training to enable employees to be productive and effective, especially since we expect the majority of our employees to continue to work remotely.

8. Government Services:

We will continue to stabilize our billing rates, making sure our rates cover our costs and keep us competitive and affordable. We will also continue to ensure our billing invoices are transparent and standardized.

9. Senior and Disability Services:

Following long term emergencies and system changes at the State level, LCOG will continue to find efficiencies in Senior and Disability Services (S&DS) to address the large workload while continuing to provide services at levels required and expected.

S&DS has two primary sources of funding. First, as a Type B Transfer agency, S&DS has a contract with Oregon's Department of Human Services to provide Medicaid and Food Stamp services to seniors and people with disabilities in Lane County. Second, as an Area Agency on Aging, S&DS receives funding through the Older Americans Act (OAA).

In the 2022–23 biennium, funding for Senior and Disability Services was increased over the previous biennium with additional funding due to the ongoing Pandemic. We will not know what our funding allocation will be until fall of 2023, but we expect (hope) that this funding increase trend continues as our caseload continues to rise.

Given the uncertainty, we will budget FY24 at the same level as FY23. Should the allocation change significantly, we will adjust accordingly in the Revised Budget.

10. Enterprise Services:

We will continue to strategize how to grow the Business Loan Program into a more sustainable program and we will continue to stabilize our Minutes Recorder Program billing rates, making sure our rates cover our costs and keep us affordable. While the Local Government Personal Services Program is not currently an Enterprise Fund, as we continue to market and grow the Program into a sustainable and valuable service, the plan is to move it to the Enterprise Fund in the future so it can be run as a business.
