

December 28, 2021

To: Metropolitan Policy Committee  
From: Paul Thompson  
Subject: Item 6.d: ODOT Project Priorities

**Action Recommended:** Approve input to Oregon Department of Transportation (ODOT)

### **Background and Discussion**

With the passage of the federal Infrastructure Investment and Jobs Act (IIJA) and the resulting significant transportation funding coming to Oregon, ODOT Area 5 Manager Frannie Brindle is asking the Lane Area Commission on Transportation (ACT) and the Central Lane MPO for input on priorities for use of funding on the ODOT system. The list of projects included with this memo as Attachment 1 was presented at the December meeting of the Transportation Planning Committee (TPC). At that meeting, staff unanimously recommended the priorities shown in the Attachment.

At the January MPC meeting Ms. Brindle will discuss the projects and the input desired from MPC.

**Action Recommended:** Approve input to Oregon Department of Transportation

### **Attachments**

1. Draft recommended ODOT project priorities
