Subject: MPC 6.c Annual Listing of Obligated Projects 2023

Action Recommended: Information only

Issue Statement

The Central Lane Metropolitan Planning Organization (MPO) has prepared a listing of projects for which federal funds were obligated in 2023.

Background

Federal regulation requires MPOs to publish an annual listing of projects for which federal funds have been obligated ([23 CFR 450.334](#)). CLMPO prepares this report following the end of each federal fiscal year (October 1 – September 30). The report was prepared and published November 21, 2023 on the MPO website to satisfy this requirement.

Discussion

Obligation data used to prepare the annual report are provided by Oregon Department of Transportation (ODOT) to the MPOs in Oregon from Federal Highway Administration (FHWA). Data relevant to executed federal grant agreements between Federal Transit Administration (FTA) and Lane Transit District (LTD) - considered to be federal obligations for the purposes of the annual report - are provided by LTD and included in the annual report. Local agency staff review the report for accuracy and any errors identified have been corrected.

A total of **\$37,567,598** of federal funds obligated in FFY 2023 on 29 projects or programs within the MPO. This includes **\$5,299,586** of the MPO's discretionary federal funds. An itemized listing of each obligation (by sponsor agency and project) is included in the attached report.
