A MESSAGE FROM LCOG BOARD CHAIR HEATHER BUCH

It's hard to believe that we have been navigating the Pandemic for more than two years now. We have faced many challenges in our region, from the Holiday Farm Fire and the continued recovery from that devastating event, to racial tensions, to workforce recruitment and retention issues, and a growing need for services in all areas. And although we faced many difficult situations over the last year, our region kept working together, remained focused on our priorities, and continued to serve this incredible region with a high level of dedication and service.

It is an honor to serve as Chair of the LCOG Board for 2022. My thanks to all the members of LCOG. The strength of this organization comes from the diversity we represent, and our willingness to work collaboratively to help make the Lane County region a better place for all of its citizens. Despite uncertainty with all that is going on in the world right now, as we move forward in 2022 and beyond, I'm sure by continuing to work together, we are ready to tackle whatever comes our way and that makes me excited about all of the opportunities for our region in the future.

We asked our members what challenges and successes they had in 2021, what they are looking forward to in 2022, and who made a positive difference in our community this past year.
Learn more in our video.
