Subject: EA Comments opposing West Eugene EmX

Alejandra Dayton has written to you about the EA Comments opposing West Eugene EmX, their message is as follows.

"I personally despise the LTD in general. Most inept and poorly run bus line I have ever had the displeasure of experiencing. They are routinely late or ridiculously early. They never show up on schedule, and often zoom right past you when you are clearly waiting at a stop.

You always have to allot an extra two hours to your commute to and from work just in case. This is a selfish company that does not care about the community or even it's riders. They only care about their own funding and expansion. EMX will cause unnecessary congestion.

Rather than a whole new line, how about making the buses they already freaking have more efficient? Starting with coming more than once an hour. Even the Los Angeles bus was more efficient and reliable...in LA traffic even."
