

PETITION: Responsible Transit for Lane County Oregon

Started 11/17/2010 by www.OurMoneyOurTransit.com

Petition Statement: "We request Public Transportation scaled for a community of our size and whose operating costs are economically sustainable. EmX is not the best or even a viable solution. EmX is a highly contested and controversial proposal deserving of a vote of the people of Lane County and should not be a City Council decision".

"Good public transit is not necessarily EmX" - Betty Taylor, Eugene City Council

I understand that by signing this petition, I give OMOT permission to use my name in advertising.

Petition Statement: "We request Public Transportation scaled for a community of our size and whose operating costs are economically sustainable. EmX is not the best or even a viable solution. EmX is a highly contested and controversial proposal deserving of a vote of the people of Lane County and should not be a City Council decision".

"Good public transit is not necessarily EmX" - Betty Taylor, Eugene City Council

Petition to Re-Direct West Eugene EMX Extension Proposal on

West 11 - Amazon

<p>Petition summary and background</p>	<p>The West Eugene EmX Extension project on West 11 will create a major disruption and loss of activity to businesses on West 11 corridor. The business owners and landlords are extremely worried about the potential loss of parking, right of access, and loss of property rights.</p> <p>We believe the EMX route will better serve the community if a route is created on West 6th or and 7th avenue. This route will help to rejuvenate West 6th and 7th corridors. Furthermore, it will be a better link to downtown station which is right in the middle of town.</p>
<p>Action petitioned for</p>	<p>We, the undersigned, are concerned citizens who urge our city counselor and political leader to act now to stop the proposed extension of EMX on West 11.</p>

PETITION: Responsible Transit for Lane County Oregon

Started 11/17/2010 by www.OurMoneyOurTransit.com

Petition Statement: "We request Public Transportation scaled for a community of our size and whose operating costs are economically sustainable. EmX is not the best or even a viable solution. EmX is a highly contested and controversial proposal deserving of a vote of the people of Lane County and should not be a City Council decision".

"Good public transit is not necessarily EmX" - Betty Taylor, Eugene City Council

Petition to Re-Direct West Eugene EMX Extension Proposal on

West 11 - Amazon

<p>Petition summary and background</p>	<p>The West Eugene EmX Extension project on West 11 will create a major disruption and loss of activity to businesses on West 11 corridor. The business owners and landlords are extremely worried about the potential loss of parking, right of access, and loss of property rights.</p> <p>We believe the EMX route will better serve the community if a route is created on West 6th or 7th avenue. This route will help to rejuvenate West 6th and 7th corridors. Furthermore, it will be a better link to downtown station which is right in the middle of town.</p>
<p>Action petitioned for</p>	<p>We, the undersigned, are concerned citizens who urge our city counselor and political leader to act now to stop the proposed extension of EMX on West 11.</p>

Petition to Block the Proposed EMX W. 11th Route

Petition summary and background
 The City of Eugene and the Lane Transportation District are considering proposals to develop an EMX (Express Bus) Route through the West 11th Area. This would severely impede access to and deny property from Aquasere and other area small businesses. In addition, one of the proposed routes would severely impact the Amazon drainage basin and the wildlife therein.

Action petitioned for
 We, the undersigned, are concerned citizens who urge our leaders to act now to either; change the route so that it doesn't affect businesses in the West 11th Area or cancel the proposed expansion altogether.

Petition to Re-Direct West Eugene EMX Extension Proposal on

West 11 - Amazon

Petition summary and background

The West Eugene EmX Extension project on West 11 will create a major disruption and loss of activity to businesses on West 11 corridor. The business owners and landlords are extremely worried about the potential loss of parking, right of access, and loss of property rights.

We believe the EMX route will better serve the community if a route is created on West 6th or/and 7th avenue. This route will help to rejuvenate West 6th and 7th corridors. Furthermore, it will be a better link to downtown station which is right in the middle of town.

Action petitioned for

We, the undersigned, are concerned citizens who urge our city counselor and political leader to act now to stop the proposed extension of EMX on West 11.

Petition to Re-Direct West Eugene EMX Extension Proposal on

West 11 - Amazon

<p>Petition summary and background</p>	<p>The West Eugene EmX Extension project on West 11 will create a major disruption and loss of activity to businesses on West 11 corridor. The business owners and landlords are extremely worried about the potential loss of parking, right of access, and loss of property rights.</p>
<p>Action petitioned for</p>	<p>We believe the EMX route will better serve the community if a route is created on West 6th or/and 7th avenue. This route will help to rejuvenate West 6th and 7th corridors. Furthermore, it will be a better link to downtown station which is right in the middle of town.</p> <p>We, the undersigned, are concerned citizens who urge our city counselor and political leader to act now to stop the proposed extension of EMX on West 11.</p>
