PETITION: Responsible Transit for Lane County Oregon

Started 11/17/2010 by www.OurMoneyOurTransit.com

Petition Statement: "We request Public Transportation scaled for a community of our size and whose operating costs are economically sustainable. EmX is not the best or even a viable solution. EmX is a highly contested and controversial proposal deserving of a vote of the people of Lane County and should not be a City Council decision".

"Good public transit is not necessarily EmX" - Betty Taylor, Eugene City Council

PETITION: Responsible Transit for Lane County Oregon

Started 11/17/2010 by www.OurMoneyOurTransit.com

Petition Statement: "We request Public Transportation scaled for a community of our size and whose operating costs are economically sustainable. EMX is not the best or even a viable solution. EMX is a highly contested and controversial proposal deserving of a vote of the people of Lane County and should not be a City Council decision".

"Good public transit is not necessarily EmX" - Betty Taylor, Eugene City Council
