Petition to Re-Direct West Eugene EMX Extension Proposal on West 11 - Amazon

Petition summary and background
 The West Eugene EmX Extension project on West 11 will create a major disruption and loss of activity to businesses on West 11 corridor. The business owners and landlords are extremely worried about the potential loss of parking, right of access, and loss of property rights.

We believe the EMX route will better serve the community if a route is created on West 6th or/and 7th avenue. This route will help to rejuvenate West 6th and 7th corridors. Furthermore, it will be a better link to downtown station which is right in the middle of town.

Action petitioned for
 We, the undersigned, are concerned citizens who urge our city counselor and political leader to act now to stop the proposed extension of EMX on West 11.

PETITION: Responsible Transit for Lane County Oregon

Started 11/17/2010 by www.OurMoneyOurTransit.com

Petition Statement: "We request Public Transportation scaled for a community of our size and whose operating costs are economically sustainable. EmX is not the best or even a viable solution. EmX is a highly contested and controversial proposal deserving of a vote of the people of Lane County and should not be a City Council decision".

"Good public transit is not necessarily EmX" - Betty Taylor, Eugene City Council

I understand that by signing this petition, I give OMOT permission to use my name in advertising.

PETITION: Responsible Transit for Lane County Oregon

Started 11/17/2010 by www.OurMoneyOurTransit.com

Petition Statement: "We request Public Transportation scaled for a community of our size and whose operating costs are economically sustainable. EMX is not the best or even a viable solution. EMX is a highly contested and controversial proposal deserving of a vote of the people of Lane County and should not be a City Council decision".

"Good public transit is not necessarily EmX" - Betty Taylor, Eugene City Council

I understand that by signing this petition, I give OMOT permission to use my name in advertising.

Petition to Re-Direct West Eugene EMX Extension Proposal on

West 11 - Amazon

Petition summary and background

The West Eugene EmX Extension project on West 11 will create a major disruption and loss of activity to businesses on West 11 corridor. The business owners and landlords are extremely worried about the potential loss of parking, right of access, and loss of property rights.

Action petitioned for

We believe the EMX route will better serve the community if a route is created on West 6th or/and 7th avenue. This route will help to rejuvenate West 6th and 7th corridors. Furthermore, it will be a better link to downtown station which is right in the middle of town.

We, the undersigned, are concerned citizens who urge our city counselor and political leader to act now to stop the proposed extension of EMX on West 11.

PETITION: Responsible Transit for Lane County Oregon

Started 11/17/2010 by www.OurMoneyOurTransit.com

Petition Statement: "We request Public Transportation scaled for a community of our size and whose operating costs are economically sustainable. EmX is not the best or even a viable solution. EmX is a highly contested and controversial proposal deserving of a vote of the people of Lane County and should not be a City Council decision".

"Good public transit is not necessarily EmX" - Betty Taylor, Eugene City Council
