EmX Survey  
Results.pdf (109 KB..)

To the Metropolitan Policy Committee,

A group of students conducted a survey on the University of Oregon campus asking students, faculty, and community members questions regarding the LTD, EmX, and the expansion to West Eugene. We performed the survey through clip-boarding as well as sending it through email listservs and over Facebook. These results are the interest of the University of Oregon community.

Here is a quick summary of results:

88% of those surveyed currently use LTD.

59% use the EmX.

58% are likely to use the EmX expansion to West Eugene if built.

We know businesses are some biggest opposers of the expansion, but 57% of responders said they'd use the expanded EmX for shopping.

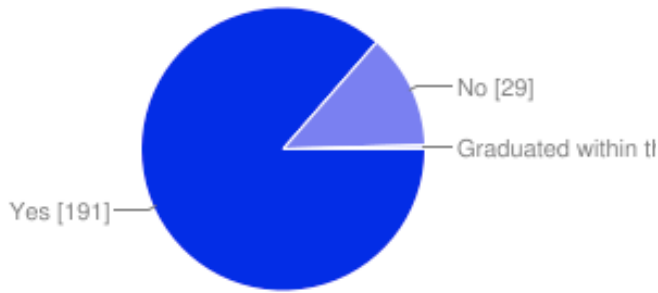

We have attached a PDF with all the results graphed out.

If you have any questions regarding the petition or survey, please feel free to contact Casey Drobnick, caseyd@uoregon.edu, a coordinator for OSPIRG's 21st Century Transportation campaign on the University of Oregon campus, the group which spearheaded the survey.

Sincerely,  
University of Oregon OSPIRG Chapter's  
21st Century Transportation Campaign  
And the UO community

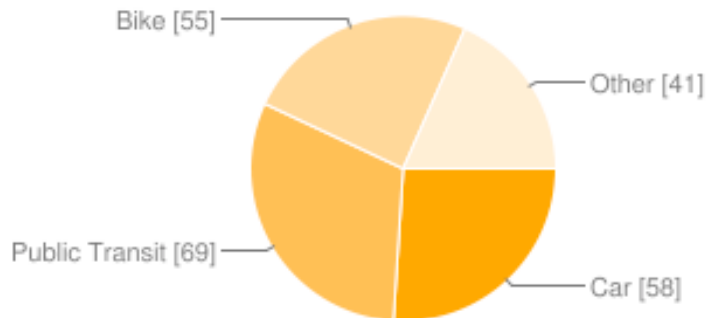

## Transportation Survey Results

### Are you a University of Oregon Student?

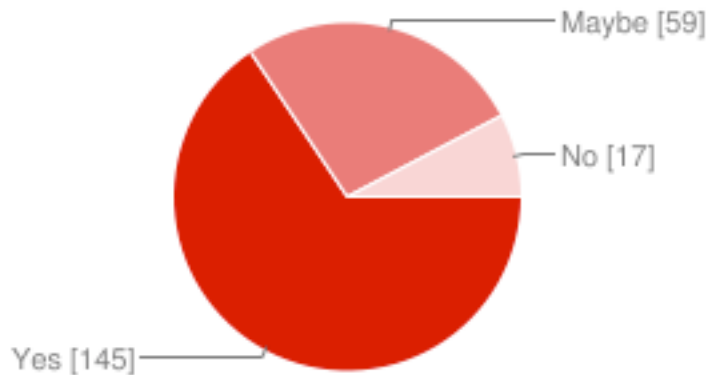

Yes	<b>191</b>
	86%
No	<b>29</b>
	13%
Graduated within the last year	<b>1</b>
	0%

### What is your main form of transportation?

Car	<b>58</b>
	26%
