**Subject:** EmX in West Eugene - Yes

Please support the extension of EmX service in the West Eugene area. With the increasing cost of gasoline and the economic stresses that everyday people are facing, it is important to have efficient and reliable transportation services available to those living and working in the Eugene area. The EmX services between Eugene and Springfield and the Gateway area have proven their popularity. Now is the time to add the next leg to this service network.

Thank you for your support.
